A. Potential per mg C (main; D11)
11 of 19 concordant, sign test p = 0.65
Spearman rho = 0.16, p = 0.52
B. Potential per µg MBC (plan original; robustness a)
13 of 19 concordant, sign test p = 0.17
Spearman rho = 0.34, p = 0.16
