Temporally significant MicroResp−linked BRITE C pathways

Significance uses FDR across the targeted unique BRITE C pathway set

00020 Citrate cycle (TCA cycle)
ethylamine; GABA; Glucosamine_hydrochloride; Glutamic_acid; Glycine; L.Alanine; L.Leucine; L

00030 Pentose phosphate pathway
MicroResp: Cellulose; D.Fructose; D.Glucose; D.Trehalose; D.Xylose; Hemicellulose

00040 Pentose and glucuronate interconversions
MicroResp: D.Xylose; Hemicellulose

00051 Fructose and mannose metabolism
Chitosan; D.Fructose; D.Glucose; D.Trehalose; Glucosamine_hydrochloride; Hemicellulose; N.Ac

00220 Arginine biosynthesis
MicroResp: Glutamic_acid; L.Arginine

00250 Alanine, aspartate and glutamate metabolism
MicroResp: BSA; GABA; Glutamic_acid; Glycine; L.Alanine; L.Arginine; L.Glutamine; L.Leucine

00260 Glycine, serine and threonine metabolism
MicroResp: BSA; Glutamic_acid; Glycine; L.Alanine; L.Arginine; L.Glutamine; L.Leucine

00270 Cysteine and methionine metabolism
MicroResp: BSA

00280 Valine, leucine and isoleucine degradation
MicroResp: BSA; L.Leucine

00330 Arginine and proline metabolism
MicroResp: BSA; GABA; Glutamic_acid; Glycine; L.Alanine; L.Arginine; L.Glutamine; L.Leucine

00360 Phenylalanine metabolism
MicroResp: Lignin; Phenylethylamine; Vanillic_acid

00362 Benzoate degradation
MicroResp: Lignin; Phenylethylamine; Salicylic_acid; Vanillic_acid

BRITE C expression

00500 Starch and sucrose metabolism
MicroResp: Cellulose; D.Cellobiose; D.Fructose; D.Glucose; D.Trehalose; Hemicellulose

00520 Amino sugar and nucleotide sugar metabolism
MicroResp: Chitin; Chitosan; Glucosamine_hydrochloride; N.Acetyl.D.glucosamine

00627 Aminobenzoate degradation
MicroResp: Lignin; Salicylic_acid; Vanillic_acid

00630 Glyoxylate and dicarboxylate metabolism
MicroResp: Citric_acid; Glycine; Lactic_acid; Malic_acid; Oxalic_acid; Succinic_acid

00650 Butanoate metabolism
MicroResp: GABA

00670 One carbon pool by folate
MicroResp: Glycine

00910 Nitrogen metabolism
BSA; Chitin; Chitosan; Diethylamine; Glucosamine_hydrochloride; Glutamic_acid; L.Arginine; L

00940 Phenylpropanoid biosynthesis
MicroResp: Lignin
